

## MEDIA BRIEFING PGAIR PROGRESS REPORT

October 27, 2010

The Prince George Air Improvement Roundtable (PGAIR) is pleased to report on matters discussed at its October 26, 2010 meeting.

### 1. Phase III Plan Development

The primary goal of the Phase III Plan will be to achieve the fine PM emission reduction targets adopted by PG AIR in January 2009, namely to meet the new provincial ambient PM<sub>2.5</sub> objectives and to have a reduction on all significant emission sources. Further progress was made at the October 26<sup>th</sup> meeting as PGAIR continues the development of the Phase III Plan, which is scheduled to be introduced to the community on November 30<sup>th</sup>, 2010.

### 2. Notice of 2010 PGAIR Annual General Meeting

PGAIR will be holding its Annual General Meeting on the evening of November 30<sup>th</sup>, 2010 in addition to the regular PGAIR meeting held that evening. The location and agenda for the evening will be provided approximately 2 weeks in advance of the scheduled meeting through a PGAIR media release.

*PGAIR Society is a group of volunteers representing a broad spectrum of the community; including the public, government, industry, Northern Health, UNBC, PACHA, commercial and transportation sectors. PGAIR is working towards continuous improvement of the air quality within the Prince George air shed, and coordinates various programs and communication initiatives in support of this effort. PGAIR also coordinates research and provides science-based recommendations reached by consensus to various stakeholders and decision-making bodies to help improve air quality.*
